Powerful office features
plus the advantage of colour

WorkCentre® 7328 / 7335 / 7345 / 7346

Xerox increases office productivity. Now it's easier than ever to experience the benefits of a high-performance black and white multifunction system plus all the competitive advantages of cost-effective colour when you need it.

Unleash your office performance **Advanced ease of use**

Fast, powerful and engineered to easily perform multiple tasks for workgroups of any size, the Xerox WorkCentre 7328 / 7335 / 7345 / 7346 series boosts productivity and delivers spectacular results.

- **Print and copy in black and white at up to 45 ppm and up to 40 ppm in colour.** In fact, WorkCentre devices boast the fastest print productivity in the industry when printing real-world office applications, thanks to advanced controller design and throughput technology.*
- **Concurrently scan, print, copy, fax and route files** to their next destination to maximise productivity. The Xerox multitasking network controller handles multiple office tasks with speed and efficiency.
- **Robust finishing capabilities** let you produce professional-looking documents in-house quickly and cost-effectively.

Intuitive user interfaces make quick work out of complex tasks.

- **At over 210 mm, the touch screen** provides plenty of room for navigation screens and thumbnail previews, as well as customised screens using Xerox Extensible Interface Platform.
- **With a Xerox workflow** that's consistent across previous-generation and current products, users will quickly embrace the user interfaces at the device, on the print drivers and over the web, for a drastically lowered learning curve and out-of-the-box productivity.
- **Xerox SMart Kit™ technology** constantly monitors critical components of your WorkCentre device to predict and prevent downtime.
- **With walk-up convenience,** users can print directly from a media card or USB storage device (optional).

More than 90 percent of the WorkCentre device's everyday tasks are on the top level of the first screen of both the print driver and the control panel, providing fast, easy access to basic features.

WorkCentre® 7328 / 7335 / 7345 / 7346 Quick Facts

- Print and copy up to 45 ppm black and white, 40 ppm colour
- Multitasking print, copy, scan and fax
- Paper capacity up to 3,140 sheets
- High-impact colour with extensive control and security features

WxDxH:
1346 x 794 x 1161 mm

WorkCentre 7328 with High Capacity Tandem Tray Option

* According to print productivity testing conducted by Buyers Laboratory Inc.

Access and print information without the use of a computer

Need your company's latest price list or a brochure on this week's hottest-selling product? Simply use the touch screen on your WorkCentre to browse an online repository such as Xerox DocuShare®, Microsoft SharePoint® or Windows folders, select the document, and print it. No need to use a computer and no need to keep filing cabinets filled with material that quickly becomes outdated.

Simply scan information and store it exactly where you want it

Transform hard copy forms into archived digital information with just a few simple steps. A new patient fills out a medical history form, the receptionist securely scans the form, previews a thumbnail image on the touch screen, and then sends the form to a folder named Patient Records. EIP-enabled applications make it possible.

Control costs with user-friendly accounting

With Xerox accounting solutions you can set usage limits by individual and by function. Track system usage through a printed report, file download, or integration with a partner accounting solution.

Conveniently and securely access your WorkCentre with a simple swipe of your ID card

Xerox makes it easy for you to ensure that only authorised users access your WorkCentre systems by requiring passwords or access cards. Once authenticated, you can access EIP-enabled applications that are personalised to meet your needs.

Simplify the process for complex fax distributions

Send and receive faxes even when a fax board has not been installed in the system. Faxes can be scanned in at the system or submitted from a user's desktop using a fax print driver. Faxes can be tracked and audited to ensure regulatory compliance.

Connect with a variety of advanced partner solutions created with your business in mind

Xerox EIP enables an array of Alliance Partner solutions that extend the value of your WorkCentre multifunction system with advanced accounting, faxing and scanning capabilities.

Imagine the possibilities... if you could make your multifunction system work the way you work

The world is changing. There's constant pressure to do more with fewer resources. You know your business better than anyone. Now your WorkCentre multifunction systems can adapt to fit the way you work, not the other way around.

Your Xerox WorkCentre multifunction device is now more productive, and your work just got easier. Menus and languages specific to your business or workgroup, such as "fax to accounts payable" or "submit to claims department," can appear on the touch screen. Xerox Extensible Interface Platform, or EIP, is at the heart of this. It enables a variety of applications that extend the power of your WorkCentre by allowing you to securely find, save, print and share critical information with just a few easy steps right on its touch screen.

The possibilities are endless.

Paper input

- 1 75-sheet Duplex Automatic Document Feeder quickly processes single- or double-sided originals
- 2 100-sheet Bypass Tray (adjustable to SRA3)
- 3 520-sheet tray (adjustable to A3)
- 4 Three Tray Option adds three 520-sheet A3 trays (not shown)
- 5 High Capacity Tandem Tray Option adds one 520-sheet A3 tray, one 800-sheet A4 tray and one 1,200-sheet A4 tray

Paper output

- 6 Office Finisher adds 50-sheet multiposition stapling
- 7 Advanced Office Finisher adds 50-sheet multiposition stapling and hole punch
- 8 400-sheet Offsetting Centre Catch Tray
- 9 Professional Finisher adds 50-sheet multiposition stapling, hole punch, V-Fold and saddle-stitch booklet making

WorkCentre 7300 Series

WorkCentre 7328

- Up to 28 ppm black and white
- 26 ppm colour
- 1 GB memory plus 40 GB hard drive
- Ethernet connectivity

WorkCentre 7335

- Up to 35 ppm black and white
- 31 ppm colour
- 1 GB memory plus 40 GB hard drive
- Ethernet connectivity

WorkCentre 7345

- Up to 45 ppm black and white
- 35 ppm colour
- 1 GB memory plus 40 GB hard drive
- Ethernet connectivity

WorkCentre 7346

- Up to 45 ppm black and white
- 40 ppm colour
- 1.5 GB memory plus 40 GB hard drive
- Ethernet connectivity

Options

- Scanning
- Adobe® PostScript® 3™
- Walkup fax with Internet fax
- Security
- Network server fax
- EFI Fiery Network Server

The colour you want, the control you need

Can you afford not to use colour? Strategic use of colour makes it clear you mean business. The WorkCentre 7328 / 7335 / 7345 / 7346 series provides the tools to let you choose when, where and how much colour your business needs.

Responsible colour

Give your entire business the competitive edge of colour on demand with built-in controls to regulate and track usage.

- **Auditron** is a device-based feature that allows administrators to set black and white and colour limits for copy, fax and scan functions.
- **Xerox Standard Accounting** software enhances the Auditron capability, with easy device enabling, remote management via the web, and helpful data sourcing that makes device deployment decisions easier in the future.
- **Network Accounting** integrates with industry-leading solutions to manage a fleet of output devices. It provides up-to-date information on how your WorkCentre device is used by account and user, including time and date of the activity.
- **Colour authorisation** via MS Active Directory™ makes it easy to integrate the device with existing IT systems. Administrators can provide unlimited black and white printing and copying while limiting colour to select users for greater cost control.

Outstanding Xerox image quality

Advanced technologies ensure your business documents look their best.

- **1200 x 1200 dpi** print resolution (up to SRA3) produces the image quality you need to get the results you expect.
- **Emulsion Aggregate High Grade (EA-HG) toner** – with particles engineered to have uniform size and shape – gives your work improved image quality and increased toner yield.
- **Belt Nip Fusing** improves registration and delivers consistent image transfer.
- **Trickle Charge Development** feeds a mixture of toner and developer at the same time to ensure exceptional image quality from the first print to the last.

Security at all points

Xerox is committed to helping you meet your security needs. Our system, software and solutions are designed with features that protect your critical information at all points of vulnerability.

Document

- Password-protected PDF
- Secure watermark
- Secure print
- Digitally signed documents
- Secure fax
- Encrypted PDF (128-bit RC4 or 128-bit AES)

Device

- Secure access
- Audit log
- Device access password protection
- Hide job and user name display
- Analogue fax and network isolation

Hard drive

- Image overwrite
- Encrypted disk drive

Network

- Digitally signed documents
- Network user authentication
- IEEE 802.1x protocol
- IPv6 network routing protocol
- IPSec
- SNMP v 3.0
- HTTPS
- Encrypted scan to email

Easy device management

The WorkCentre 7328 / 7335 / 7345 / 7346 series comes with the tools IT managers need for fast deployment and easy support.

- CentreWare® IS Embedded Web Server automates installation, troubleshooting, cloning and upgrading, providing virtually effortless device management.
- CentreWare Web software manages an entire enterprise-wide print environment – regardless of manufacturer mix – and helps ensure all devices run smoothly and reliably.
- Smart eSolutions simplifies ownership with hands-free, hassle-free secure administration of Xerox devices.

Colour workflows, optimised

Add an EFI Fiery System 8e® Network Server to the WorkCentre 7328 / 7335 / 7345 / 7346 series and get a wealth of easy-to-use colour management controls, powerful productivity features, and superior workflow tools. It's the ideal combination to take your in-house graphic arts capabilities to the next level.

The EFI Fiery Network Server adds these features:

- True 600 x 600 x 8 dpi print resolution for outstanding detail and clarity.
- PANTONE® Colour Calibrated certification ensures you get precise colours, every time.
- Fiery ColorWise® offers standard-setting colour tools and user flexibility.
- A 2.8 GHz processor and 512 MB memory deliver the power to handle even the most complex print jobs.
- EFI Command WorkStation makes it easy to program, monitor and manage your office workflows.
- The Fiery RIP-and-Print utility greatly streamlines the print-job processing in office environments.

Powerful scanning, simplified

Cutting-edge solutions help you seamlessly create and distribute business-critical colour documents to increase productivity and reduce costs.

• Store on the device

Scan to Mailbox

Stores scanned documents and documents sent from a PC to the device hard drive for easy retrieval or reprinting

View Stored Files

View thumbnail preview of documents stored in the mailbox – both at the device front panel (optional) and from your desktop

• Routing made easy

Scan to Email

Sends scans to email recipients directly from the front panel

Network Scanning

Uses templates to send scans to predefined locations

Job Flow Sheets

Enables simple workflows on the device for documents sent to or stored in the mailbox

Scan to PC

Scans a file to an existing shared folder on a PC

Scan to Home

Scans files to preassigned "home" destinations for fast routing

• Repurposing documents

Scan to PC Desktop®

Provides helpful tools for editing and document manipulation

• Deliver files faster

Advanced Compression Technology

Compresses file size for fast delivery and reduced network load

• Convert Documents

Multiple Formats

Scans can be saved in PDF, TIFF, mTIFF, JPEG or XPS® format

Scan to Searchable PDF

Converts hard-copy documents to text-searchable PDFs
